SECOND BOARD.

MONDAY P. M. The sales, excepting of State Stocks, were quite limited to-day, and rates were without material change, but heavy. OfState Stocks the sales were more extensive than for some time past. A large lot, \$12,000 State Sevens, brought 2 pe cent. premium, an advance of 1 per cent. State Fives ad vanced 2 per cent. on the last sale; Ohio Sixes 1, City Fires }. For City Sevens 164 was bid. For Delaware 91 bid, 92 asked. Mohawk, 34 bid, 342 asked.

For the steamer there is a fair business doing in Foreign Exchange, and the market is firm and not very abundantly applied with bills. Sterling 6 a 64; Francs 5 45 a 5 422. There is not much doing in Inland bills, and Alabama is a drug. We quote 16 a 17, but sales have been made at a

higher figure. New-Orleans, 11 a 11 preminm. In specie there is not much movement. The position of the New-Orleans exchange market does not promise well for shippers. About \$25,000 were received to-day from Canada. Mexicans are worth 1 premium, but gold is not wanted above par.

We understand that the Secretary of the Treasury did not succeed in effecting any arrangements, while here, in relation to the loan. About \$950,000 have been taken here and at Philadelphia, through the Agency Banks. Ameeting was to be held at Cincinnati on the 10th, of

those who are in favor of petitioning Congress to adopt the Exchequer plan. The Baltimore Patriot says that to Hon. Virgil Maxcy is due the honor of obtaining an indemnity for the American merchans who suffered by having property destroyed at

Antwerp during the Belgian revolution. Amount of the following property cleared at Rocheste for the seven days ending 11th inst: Barrels Flour, 24,700; bbls. Ashes, 107; bbls. Apples, 466; 8050 bushels Wheat; 4800 busbels Shorts; 17,860 lbs. Butter; 8000 lbs. Wool. Amount of Foll received for the same time, \$8,709 68.

Amount of Flour and Wheat passing Rochester Waigh-Lock, east, from Nov. 4th to Nov. 11th: Flour, 47,177 bbls.; Wheat, 10,061 bushels. There has been rather more activity during the past week

at the Philadelphia Stock Board. Philadelphia Loans had declined, however, 21 per cent. State Sixes, redeemable in 1842, issued in payment of the last semi annual interest bond, improved to 58. The negotiations pending between the New-Orleans Gas Bank and the holders of the claims o the Bank United States against the Gas Bank, had improved the stock of the Gas Bank from St to 7. The Banks discount all good paper offered. Specie is accumulating. Outdoors four months paper is done at legal interest, if longer, at 7 a 9. The Direction of the Reading Bank is to be changed to suit the Boston stockholders. In Market and Front-streets there is a light but steady business doing principally with Pennsylvania merchants.

At Cincinna i Exchange on all points is in favor of that city. A prime bill of \$500 on New-York sold at } per cent.

The Committee of the Missouri Legislature appointed by the Governor to examine into the affairs of the Bank of Missouri, and report to the next Legislature, arrived in St. Louis on the 1st inst., and entered upon their duties.

Exchange is plenty at St. Louis at 1 a 14 premium, on the gast. City Scrip is getting better. It is worth about 70 cents. Money was growing more scarce every day, and the papers were urging the Bank of Missouri to ask permisson of the Legislature to issue \$5 notes and to expand half OFFICE OF THE DAILY MERCANTILE COURIER.

Friday, Nov. 11, 12 o'clock, M. 3 Our market is quite active this morning; large sales When have been made at prices varying from 59 to 63 cents. About 10,000 bushels prime Indiana Wheat was usen this morning for Albany account, at 62½ a 63 cents. In Flour we hear of no sales of importance; holders are tomat \$4; but buyers do not take at that price. A very large amount of the Flour arrived is consigned through. The last sales of Salt were at \$1.25.

The bills out are 300 bbls. and the reseipts about 350 bbls. of both descriptions.

COTTON-The sales to day are not very large, reach tag some 400 bales, mostly to exporters. The rates are without variation, but the market is heavy. The extremes were quoted at 4a7 cents, principal sales at 51 a 6 cents. Good Cetton was is demand but inferior was dull of sale.

The demand is limited but we can see no disposition to recede. We notice a sale of 500 bbls. fancy Troy at 4314. The arrivals at Buffalo on the 9th were even larger than we reported, having reached 47,000 bbls. Flour, and shels Wheat. At Rochester, during the last week, 3,700 bbls. Flour were cleared. The only transaction in Southern descriptions we hear of, is 1000 bbls. Richmond City, on private terms. In other kinds the sales are only at retail. We quote Georgetown \$4 50, Brandywine 4 624 Richmond City 5 75, Richmond Country, Petersburg and Alexandria 4 S11 a 4 S71. New-York Mills held out of market. Rye Flour is worth \$3 a 3 124. Small sales very superior at 3 50. Sales 300 bbls. Jersey Meal at 2 75; Brandywine \$2. Small sale hhds. 13 25, cash. Buckwheat 2 75 a \$3. GRAIN-Of the Wheat offering about 4000 bushels have found buyers at 83 a 89 cents, for milling. The market is not very active. Corn is heavy with a number of lots on the market. Small sales Northern were made for the East, at & cents, measure, and a lot of 1500 bushels New-Orleans, #514 cents, weight, delivered. Rye continues in demand and the supplies being light, the price is advancing. About 1020 bushels sold, in the slip, at 64 cents; 500 do. at 65, and 1100 do. at 664, delivered, being 21 cents advance. BRISTOL'S SARSAPARILLA: NEW-YORK, Oct. 29, 1842 Mr. C. C. Bristol—Sir: The motive that prompts me to address these lines to you, arises from a conviction paramount to that of mere praise of your valuable Sarsaparilla, for if that was my desire I should fail in the attempt, for I feel as though it would require a more powerful pen than mine to do justice to the high claims of so valuable a medicine as Reisroll's Sarsaparilla.

cine as Bristot's Sarsaparilla.

It is the obligation I owe as one of the vast family of man to those, like myself, whose misfortune it has been to be afflicted as I have been for several years past, that induces me, without solicitation, to make known to the world what has been an effectual remedy when and where the

what has been an effectual remedy when and where the loope of a cure was almost exinct.

I had been informed that you were to visit this city this fall, when I expected to have the pleasure of stating to you what your Sarsaparilla has done for me, but in this I was disappointed, you having left the city before I knew it; I have therefore taken this method to inform you, and through you, all who may desire to know what my afflictions were and also what has proved an antidote to the same.

I was attacked with Scrofula in a very alarming form

I was attacked with Scrotter in a very arriving form about five years since, which spread rapidly throughout my head, face and throat, internal and external; there were several holes in the roof of my mouth and about the palate, which was nearly destroyed—my speech and hearing so much affected as to leave but little hope that those enses would ever return to me again as they now are. One my ears was partly destroyed, my nose and the greater art of my face to all human appearance must meet the My nerves were dreadfully affected so as to deprive

of rest or sleep that was any thing like natural, but as one frenzied I passed my sleepless nights and wearisome days. My lower extremities were deathly cold and inanimate.—My leet were greatly extended in sze from what was called Dropsy, and in addition to this, for many years I was afflicted with Piles in their most severe and distressing form, I am now nearly well-my face has been saved, my mouth I am now hearly well—my face has been saved, my mouth out throat heated, my speech and bearing restored, my ight improved, which was very doubtful, my sleep become natural and my appetite good; in a word, I am a different person in feeling and appearance, and there remains not a doubt but that Bristol's Sarsaparilla will effectually accom-slish a thorough and lasting cure of all my afflictions. Orlando Fish, Fashionable Hatter, 137 Broad way, would inform the gentlemen of New-York that his Fall and Winter style of Hats is now ready for their inspection and critical judgement. Claiming the distinction of having been the first to project and abide by a strictly AMERICAN style of Hats, instead of servilely copying the Fashions of Europe, which are often unsuited to our climate and manners, he rejoices to perseive that others have seen fit to follow his lead, and that now the following of European Fashions in Hats is almost entirely abandoned by the leading manufacturers.
